

THE WHOLE BODY NEEDS PURE BLOOD

The bones, the muscles, and all the organs of the body depend for their strength and tone and healthy action on pure blood.

Hood's Sarsaparilla makes pure blood. It is positively unequalled in the treatment of scrofula, catarrh, rheumatism, dyspepsia, loss of appetite, that tired feeling. There is no other medicine like it. Be sure to get Hood's and get it today. It is sold by all druggists.

FACE MASSAGE COMES HIGH IN THIS SHOP

Chicago, Oct. 24—John E. Gordon of Washington, Pa., was paying beauty's price and had got through the barbarous litanies to the hot towels. While he was taking the steaming veil, Charles Duncan, the colored porter, picked a \$100 bill from his coat pocket and faded. Duncan was arrested later and said he had hidden the money in a lye can at Van Buren and Canal streets, where detectives recovered it. He said Michael Hartman, owner of the barber shop at 529 West Madison street, told him to grab the century note. Hartman says nothing.

TELLS ON THE KIDNEYS

Guthrie People Have Found This To Be True.

The strain of overwork tells on the weakened kidneys. The hurry and worry of business men, the heavy lifting and stooping of workmen, the women's household cares, tend to wear, weaken and injure the kidneys until they can no longer filter the poison from the waste matter that accumulates from the blood and the whole body suffers. Weakened kidneys need an especially prepared for weakened kidneys, quick assistance. Doan's Kidney Pills, kidneys, tired, worn-out backs—have proven their merit in thousands of cases. Below is convincing proof from this locality:

J. W. Hager, retired farmer, Marshall, Okla., says: "I was annoyed a great deal by too frequent passages of the kidney secretions, especially during the night. My back often became lame and sore, handicapping me when I did any work that required stooping. Doan's Kidney Pills relieved the kidney weakness and made me feel much better in every way."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hager had. Foster-Milburn Co., Props., Buffalo, N. Y.

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

That beautiful, even shade of dark glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application of two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for 50 cents a large bottle, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustreous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

REFORMATION OF THE MARRIAGE VOW HAS BEGUN

HATEFUL WORD "OBEY" IS
DROPPED, OTHER NEED-
LESS PHRASES REMAIN

Just at present the marriage service is coming in for a reformation; the meaningless phrases are to be painfully extracted. That ludicrous word "obey" has long since been consigned to oblivion and now, it is the ridiculous phrase "with all my worldly goods I thee endow" that goes to the scrap heap.

If the marriage service is to be made practical and literal why not say, simply: "I pronounce you man and wife until you decide you've had enough, or find someone you like better." That fills all present day needs, and if a change for the better can ever be brought about, our old ceremony that has filled the bill for sometime past may be brought back from the junk pile and patched up for use again.

Down at Barnard College, a score or more girls have sworn to do away with the ceremony altogether, and since taking the oath three years ago, four of the girls have been "married" by a civic contract. The most recent of these "brides" is Mrs. Arthur S. Levy of New York.

In regard to the "with all my worldly goods I thee endow," which she says is a joke and means usually a charge account which he can stop whenever he chooses—few wives receive from their husbands even a personal allowance, but must appeal to him for funds for a hat or a suit or a piece of bric-a-brac.

Mrs. Levy is undoubtedly right to a certain extent. She is an educated woman, well trained, with an executive mind; even now she is daily employed in the executive office of the Washington square players in New York and receives an ample personal allowance without aid from her husband.

But consider the thousands of untrained young girls who assume the responsibilities of a household, the handling of the finances of their husbands with absolutely no experience in spending money except the small sums which they can wheedle from father for pin-money. Only last week there was a story of a bridegroom of three days who was seeking help from the courts because his bride appropriated his week's wages of twenty dollars, purchased a pair of silk hose for six dollars and some other like necessity, and then went home to mother because she couldn't live on his salary.

Happily, such cases are rare, but in at least fifty per cent of the homes,

DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel
clean, sweet and fresh
and avoid illness.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, biliousness, stomach trouble, rheumatic stiffness, others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

WRIGLEY'S THE PERFECT GUM

Little Mrs. Bride is totally incapable of wise handling of the household finances and if hubby in an unguarded moment, should attempt to literally interpret "with all my worldly goods I thee endow," he'd be paying the bills until kingdom come. The worldly goods is hers all right, that is a self-evident fact, but the check-rein should be there, and the tighter it is held the more successful is the team work.

No More Backache For Her
Mrs. J. M. Gaskill, Elma Green, Ind., writes: "I suffered from severe backache and sharp pains. I could not stoop over. Foley Kidney Pills gave me such relief that I cannot praise them too highly." This standard remedy for kidney trouble and bladder ailments can be taken with absolute safety. Sold everywhere.

STATE NEWS NOTES

Ardmore will have a new \$100,000 hotel soon. Work will begin next month.

Many boys and girls attended the seven days' winter short course at A & M college.

Peoria township, in Ottawa county, by a vote of 104 to 46 have decided to issue \$12,000 in road bonds.

Mustogee has secured a glass factory that will manufacture milk bottles and glass burial caskets.

Tick eradication work is progressing in Johnston county. 42,000 head of cattle have been dipped during the past 30 days.

George M. Amborn, secretary to T. H. Beacom, general manager of the Rock Island lines, died at El Reno in a sanitarium Tuesday evening after a brief illness of typhoid fever. He was 26 years old.

John Yarbrough, a negro farmer living seven miles northwest of Kingfisher, won the first prize given there Monday for the largest loaf of cotton brought to town that day. His loaf was drawn by six horses and weighed 5,153 pounds. The seed cotton was bought by the Cuyler gin for \$6.20 a hundred, netting Yarbrough \$319.61, besides the \$15 prize given by the merchants.

There is a greater demand for teachers who have had university training than the schools of education can supply, according to Dr. W. W. Phelps, head of the department of the University of Oklahoma. The department

maintains a regular "employment bureau" over the state in connection with the training work. The instructor declares the standard required by school boards over the state for teachers is being raised constantly.

Easier To Stop Now

It is easier to check a bronchial cough now than later. Coughs grow worse the longer they continue. Foley's Honey and Tar stops tickling in throat, allays inflammation and irritation, restores voice and discharging membranes to healthy condition, opens congested air passages, and affords longed for relief. Sold everywhere.

The Lutz store starts a big millinery sale Friday morning. Full details in this paper tomorrow on page 5.

CASTORIA

For Infants and Children

In Use For Over 30 Years

Always bears the Signature of J. C. Watson

A somewhat choleric gentleman, while waiting for his train, entered a barber shop to be shaved. The barber was very deliberate in his movements, and the slow manner in which he applied the lather got upon the man's nerves. At last his patience gave way, and he roared out: "Here, for goodness sake, hold the brush still and I'll wiggle my head."

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

AN ARMY JUDGE RULES U S IS NOW ACTUALLY AT WAR

MEXICAN INVASION CAN BE
TERMED NOTHING ELSE,
HE DECLARES

New York, Oct. 25—Judge Advocate General Crowder, United States army has rendered a formal decision holding that the United States is at war with Mexico. A decision was made necessary in order to cover the legal procedure in dealing with the numerous incidents connected with the punitive expedition of United States troops into Mexico, the nature of these incidents and various offenses committed by United States soldiers demanding that the judge advocate general's office should define the status of the Mexican campaign.

In the decision the judge advocate general quotes the definition of war in Vattel's law of nations as being that state of affairs in which we prosecute our rights by force. The decision then recites: "It is thus apparent that under the law there need be no formal declaration of war, but that under the definition of Vattel a state of war exists, so far as concerns the operations of the United States troops in Mexico, by reason of the fact that the United States is prosecuting its rights by force of arms and in a manner in which war is usually conducted. The statutes which are operative only during a period of war have been interpreted as relating to a condition and not a theory."

"I am therefore of the opinion that while war is not recognized as existing between the United States and Mexico, the actual conditions under which the field operations in Mexico are being conducted are those of actual war, that within the fields of operations of the expeditionary force in Mexico it is 'time of war' within the meaning of the fifty-eighth article of war, since it could not have been intended that under such conditions United States soldiers would be turned over to the authorities of Mexico for trial."

"The decision has been carefully withheld from publicity and there is resentment on the part of the administration that it has reached the public at this time, for it destroys the plea that 'he kept us out of war.' That naval officers (not officials of the navy department), believe war actually and legally exists between the United States and a faction in Santo Domingo is made evident by an official letter to the navy department from Major General George Barnett, commanding the United States marine corps officially commanding the coolness and daring displayed by Chaplain Leroy N. Taylor for courageously driving a motor ambulance thru fire-swept zones and exposing himself to enemy fire while aiding the wounded."

GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water and eatless meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 800 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.
